

Could you help us make a difference?

Volunteer with us as a Cafe Volunteer

The Café at the Northern Centre for Cancer Carlisle is the beating heart of the building where staff and patients alike find rest bite and hope from their treatment and days' work.

We serve Fair Trade tea and coffee sourced from local suppliers and homemade cakes, bakes and delicious sandwiches and salads...all using our excellent Cumbrian produce.

You will be part of our café community who support each other to deliver quality service in a caring environment.

Role:

We take pride in in personal and caring service to both patients, visitors and staff alike.

By serving food and drink you will enable people to have a moment to sit, relax and enjoy a moment by themselves, with colleagues and with friends.

Your Team Leader will offer full training and your colleagues will be there to support you on your journey with us.

- Contract: Voluntary Position
- Salary: Expenses will be provided
- Location: The People First Cafe.
