

Could you help us make a difference?

Volunteer with us as a Local Healthwatch Volunteer

As a Community Engagement Volunteer, you will play an important role in speaking to people in the community about their views on local health and social care services. You will speak with people via hospitals, libraries, shopping centre stalls, Healthwatch and community events.

Online engagement via social media and other platforms may also be part of this role.

By people sharing their experiences with us we can bring these to health and care providers and decision makers in Cumbria to influence services to make them better. You will be an essential part of our team in ensuring people's voices are collected and heard in the right places. We need you to be the best that we can be.
