

## Lancashire Learning Disability Partnership Board

Welcome to the first Lancashire Learning Disability Partnership Board Newsletter.

People First are pleased that they will continue to run the Lancashire Learning Disability Partnership Board for the next 3 years.

The Partnership Board will be chaired by David Blacklock and Linda Stewart from People First.

## The Way Forward

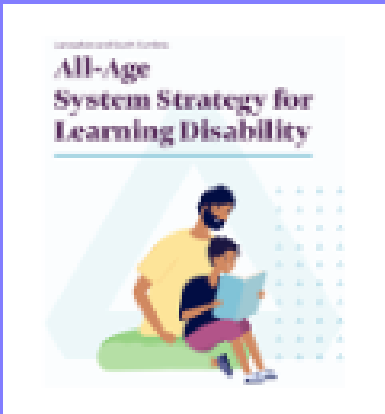

We have learnt a lot over the past few years about the best way to move the Partnership Board forward.

We would like to update you on the changes we are making.

We hope you will support us to do this.

## Changes to the Board Membership

We want to make sure the plans talked about in the Lancashire All Age System Strategy for Learning Disability are happening.

We will have a smaller group of people at each meeting so we can keep track of the work we do.

These people will get an email invitation.

## What the Board members will do

We want the members of the Board to attend meetings face to face at County Hall, Preston.

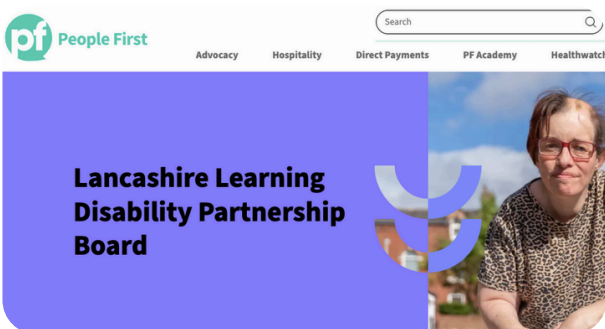

The Board members will help us make positive changes to health, housing, employment, and education for people with learning disabilities in Lancashire.

Sometimes, we will invite other people to speak at the meeting.

## How to keep up to date

People First are working on a Partnership Board webpage.

The webpage will have information about each Board member.

It will have the minutes of each meeting.

## How to be involved

You can contact us and ask questions using a link on the website.

You can come to one of our self-advocacy meetings.

We will have an annual conference. This will be a celebration of our work and will be open to everybody.

## Useful information

If you do not want to receive the Partnership Board newsletter, please send an email to:
